

The Doctor has taken you to Tudor England. The year is 1589.  
The witch-like Carrionites are threatening the Earth.

To save Earth you must find all 5 voodoo dolls tied with blue wool.

The Doctor has taken you to the future Earth. The year is 5000000046.  
The Macra are terrorising the motorway.

To help save the people trapped on the motorway you must jump  
from car to car and stun the Macra.

Go to \_\_\_\_\_ who will give you more information.

The Doctor has taken you to a Victorian House called Torchwood.  
The year is 1879. Werewolves are threatening to kill Queen Victoria.

To save Queen Victoria you must locate and shoot ten werewolves.

Go to \_\_\_\_\_ who will now help you.

The Doctor has taken you aboard a space ship that is being  
dragged into the sun. You must get the doors  
open in order to reset the controls.

To help save the spaceship you will need to  
enter the correct answers into ten locks.

Go to \_\_\_\_\_ who will now help you.

The Doctor has taken you to a mining station far away from Earth.  
Written on the walls of the station are words so  
old the TARDIS can not translate them.

To help save everyone on the station you must  
use one of the worker's notes to read the strange writing.
